A Pioneer In High Performance Doors for Home & Industry.

Protecting Life | Property | Environment

ABOUT US

Established in the year 1978, "Anjali Enterprises" is one of the distinct manufacturer and exporter of Steel Doors and Windows. Apart from these, we offer Industrial Storage Systems as well. Our consistent performance and ability to meet the deadlines have helped us in garnering a wide client base spread across the overseas markets like North Africa and South/West Africa.

Our robust infrastructure has made a major contribution to the growth of the organization. Facilitated with world class amenities, our infrastructure helps us in carrying out all business operations in a streamlined manner. Our production unit is fitted with different machines that are vital in the production process. Large production capacity helps us to produce bulk products at low prices. Our press shop, tool room, fabrication shop, electro plating plant and powder coating plant help us in meeting the excessive production demands. We seek innovation at regular intervals for maintaining our standard production capacity.

Fire Rated Door
(ARAI Certified)

120 Min
180 Min

The products are stringently checked on different parameters like strength, corrosion resistance, durability and dimensional accuracy, so that clients get value for their money. Moreover, the client centric approach and ethical business practices, along with free sampling policy have helped us attain maximum client satisfaction.

Under the constant guidance of our mentor, 'Mr. Mayur Kulkarni' we have been able to take up various industry challenges and emerge as an undisputed market leader. His years of experience coupled with his innovative bent of mind have helped us a lot in enhancing our product range.

OUR PRODUCT

We are a reputed manufacturer and exporter of Steel Doors and Windows. Additionally, we are also offering Industrial Storage Systems. Our product portfolio includes Hollow Metal Pressed Steel Doors, Pharmaceutical Doors and Windows, Sliding Door, Steel Windows, Industrial Storage Solution and Window Fitting. A unique mix of quality and style, our products are in wide demand across the global market. Noticeable attributes of our range include low maintenance, durability, dimensional accuracy, corrosion resistance and ability to withstand extreme climatic conditions.

- Hollow Metal Pressed Steel Doors/emergency Exit Doors
- Fire-rated Doors/Puf Is Insulated Doors/hotel Doors
- Glass Glazed Doors, Pharma & Hospital Door, Hermitically Sealed Door
- Chemical Plant Door (Ss 304)/marine Door
- Residential Purpose Safety Doors/meter Doors, Shaft Doors
- Commercial Doors (Server Room Doors)
- Lead doors

APPLICATION

- Residential : Uses in homes and apartments.
- Commercial: Applications in offices, hotels, and public buildings.
- Industrial: Use in factories, warehouses, and other industrial settings.
- Institutional: Schools, hospitals, and government buildings

QUALITY MANTRA

Our sole focus lies in maintaining consistent quality in our Steel Doors, Windows and Industrial Storage Systems. Using premium quality steel, we fabricate doors and windows that not only have appealing designs but offer lasting performance. Our quality standards have been acknowledged by clients at the international front. Following are some of the parameters on which we inspect our product quality:

Strength | Corrosion resistance | Durability | Dimensional accuracy

We also possess an automated factory, which is fitted with high-end machinery that rejects dimensionally inaccurate material. Leaving no stones unturned, we make certain that only approved and faultless products are delivered at the client's site.

EXPERIENCE POWER

After judging the skills and talents of the professionals on various factors, we make them a part of our organization. Our team of experts realizes the value of time & money and makes sure that an effective use of both is made to achieve the predefined organizational goals. Having years of experience to its credit, our team toils to meet the individual requirements. Our team of creative designers comes up with innovative designs for windows and doors that are appreciated by the clients with different tastes. Following members make our core team:

Engineers | Designers | Skilled workers | Production controllers | Sales & marketing personnel

USP OF OUR BUSINESS

We are ranked amongst some of the top manufacturers and exporters of Steel Doors, Windows and Industrial Storage Systems. Understanding the needs of the clients and the prevailing fashion, we fabricate doors that are a unique blend of the two. Following are some of the reasons that have kept us ahead in this domain:

Unmatched quality | Timely delivery | Customized products | Client centric approach
Ethical business practices | Free sampling policy

CUSTOMER SERVICES

Our consistent client services and dedication towards work have helped us in retaining the wide client base across countries like North Africa and South/West Africa. With the help of our highly advanced manufacturing technology and an accountable workforce, we are able to provide timely solutions to the clients. We strive hard and put in endless efforts to meet the varied requirements of our clients. Further, our range of industrial storage systems is customized on the basis of specific requirements of the clients. Our excellent after sales services have helped us become clients' favourite. We practice ethical business and offer transparent deals to the clients at competent prices.

PRODUCTION FACILITIES

Our advanced infrastructure facilities help us in carrying out the business operations in most professional and organized manner. We make use of latest machinery to conduct large scale production and meet the bulk needs of our esteemed clients. Servicing these machines at regular intervals helps in maintaining the standard efficiency. Following are some of the plants and facilities we are equipped with:

Laser Cutting Machine

CNC Bending Machine Hd

Insulation Machine

Puff Insulation Machine

Co2 Welding Machine Hd

Laser Welding Machine Hd

FIRE RETARDANT DOORS

FRD HMPS Doors 50 mm shutters are made of 18 Gauge/16 Gauge G.I. Sheet with Vertical Channel. Stiffness, rigidly welded & mineral wool insulation / ceramic wool Insulation of suitable Density Flames are of cross section 150 X 60 mm / 125 X 60 mm / 100 X 60 mm /90 X 60 mm etc. These doors are test evaluated at ARAI (Govt. Of India) for 3 Hours as per BS 476 & IS 3614.Sizes are custom Made)

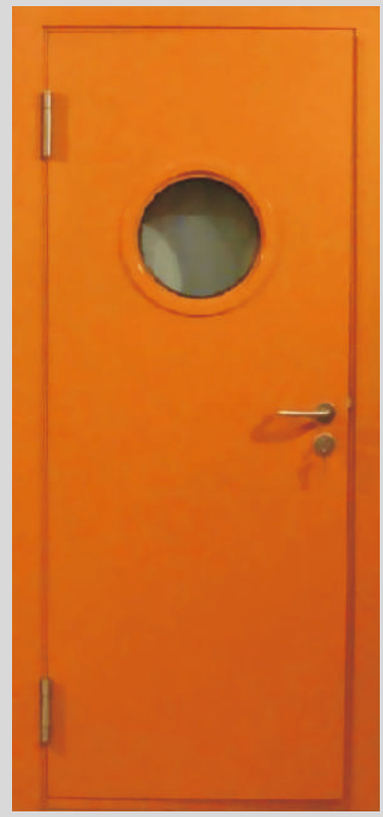

Fire rated doors and partitions
for unlimited width
Fire rated Shafts
Non-Fire rated Shafts
FHC Shaft Doors

We offer a wide gamut of Hollow Metal Pressed Steel Doors, which is widely used as security doors, apartment doors, industrial doors and fire resistant doors. Well equipped with CNC equipment, we ensure that our doors comply with the industry standards., If required, we can custom make these doors with rock wool, glass wool, ceramic wool, mineral wool, PUF or polystyrene insulation. These doors offer long lasting life and match with the budgets of our clients.

PHARMA DOORS

We offer Pharmaceutical Doors and Windows that are fabricated from stainless sheet metal, which makes them resistant to chemicals and damage. For structural stiffness, the faces of these doors are laminated to a honeycomb core in a seamless manner, without any ledges. Additionally, the faces of these doors can be flushed with at least one of the surfaces of the adjacent walls. Flushed with leaf surfaces on both sides, the windows are available in variable sizes, ranging up to 50% of the door surface. Available in powder coated aluminum skin, these leaf designs allow passage of fresh air. Clients can avail tailored doors and windows at prices that are easy on the pocket.

Solutions for Pharma, Healthcare & Food industry

Secure, Hygienic, Life saving Designed for healthcare excellence, providing :

- Infection control
- Patient privacy
- Fire safety
- Secure access

MULTIPURPOSE DOORS

Multipurpose door for any application

Leadline Doors
Acoustic Doors

AIR TIGHT DOORS

These are HMPS Doors with Special crimp mechanism for air sealing. The door frames are lined with EPDM / Rubber Gasket of Special section for Air sealing.

These Doors are used for air contamination area of pharma & other industries.

GLASS GLAZED DOORS

- Superior Insulation
- Better Energy Efficiency
- Cost Savings In The Long Term
- Frosted Or Tinted Glass
- Offering Natural Light

WOOD FINISHED METAL DOORS

Doors are premium Quality metal Door made from wood finish metal sheets of JSW colour coated steel. These Doors are used in residential project & gives excellent aesthetic finish.
